

## COVERAGE BEYOND THE ORIGINAL MANUFACTURER'S LIMITED WARRANTY

You would never expect your recently purchased products to break down. You certainly wouldn't want to pay a significant amount of money to bring them back to good operating condition. After all, a new product from a well-known brand should bring you peace of mind for many years.

However, Manufacturers do not offer lifetime warranties. Most of them offer basic protection for up to 12 months when you purchase a new product. After that, you will be responsible for all parts and labour costs, should one of your products break down.

## AVOID EXPENSIVE REPAIR BILLS

After many years of experience we know it is impossible for even the best technician to predict when one of your products will break down. Should you require service on one of your products it will cost you more than \$100 an hour for a professional factory trained technician with the appropriate equipment for troubleshooting and repairing today's products. This does not even include the cost of replacement parts.

## NO-LEMON POLICY

If your product requires repair four times for the same part, the GSPP will replace the product.

## TERMS AND CONDITIONS

### MAJOR APPLIANCES PROTECTION PLAN AND REPLACEMENT PLAN

This document and your purchase invoice state all the dispositions of this Protection Plan (Plan) concluded between Comerco Services Inc. (Comerco) and the Plan owner. In this Plan, the term Comerco refers to Comerco Services Inc. In the Province of British Columbia, the term Comerco refers to The Nordic Insurance Company of Canada, who is the underwriter of this insurance contract. Outside of British Columbia, this Plan is administered by Comerco Services Inc. Comerco Services Inc's obligations are guaranteed by a Canadian Insurance Company. Comerco agrees to:

#### MAJOR APPLIANCES PLAN:

1. Repair without charge or replace the covered product, in the case of a manufacturing defect or if any of the parts necessary for its normal functioning breaks, under normal conditions of use, during the coverage period of the Plan.
2. Reimburse frozen food losses following a covered failure. The maximum payable amount per covered failure is \$125, with a maximum for the duration of the Plan of \$250 for the freezer section of a refrigerator. For a standalone freezer, the maximum payable amount per covered failure is \$250, with a maximum for the duration of the Plan of \$500. In these cases, Comerco will inform the Plan owner about the procedure for obtaining a refund.
3. Replace the product upon the confirmation, by an authorized technician, of a fourth (4th) failure of the same major component during the coverage period of the Plan.
4. Replace broken control knobs that prevent the product from functioning. Comerco will send the knob(s) by mail.
5. Repair damages due to power surges.
6. Repair damage caused by thermal stress on glass ceramic cooktops. Pictures will have to be sent to Comerco to determine if a technician's visit is necessary. An authorized technician must confirm such damages.
7. Repair damages due to rust:
  - 7.1 That prevent the product from functioning as designed.
  - 7.2 That affect a washer's tub, a dryer's drum, or a dishwasher's basket.
8. Allow one (1) preventive inspection for the duration of the Plan, at the Plan owner's request and according to the Comerco checklist. If a Plan covers several products, the preventive inspection is available for all products, during a single technician visit.

#### REPLACEMENT PLAN:

9. Replace the product that is subject to a failure covered by this Plan.

### GENERAL CONDITIONS

10. The Major Appliances Plan becomes effective following the expiry date of the manufacturer's parts and labour warranty for the chosen term, as indicated on the purchase invoice, up to a maximum of six (6) years from the date of possession. For the Replacement Plan the maximum duration is four (4) years. To qualify for coverage under the Plan, the covered product must be purchased new and be covered by a manufacturer's repair warranty period of at least ninety (90) days. Failures must be reported during the coverage period of the Plan.
11. Comerco may, at its sole discretion, decide to replace a product rather than repair it.
12. The maximum value, at the time of a replacement, is the price paid for the original product, as stipulated on the purchase invoice. This amount, excluding taxes, must not exceed \$25,000 for the Major Appliances Plan and \$300 for the Replacement Plan. Please note that if the price of the replacement product is less than the price of the original product, the difference will not be refunded. The replacement will be finalized by a Comerco authorized retailer.
13. Comerco's sole obligation will be to provide a replacement product, in accordance with the procedure set out in Article 12, in the event that:
  - the manufacturer ceases to operate; or
  - the parts are no longer available; or
  - in any other circumstance for which, at Comerco's discretion, a repair is not considered.
14. From the moment a product has been replaced or a credit provided, Comerco will have met all its obligations and the coverage will become null and void for the new product.
15. Repairs will be carried out by an authorized service centre or any other service centre specified by Comerco. Products for which the manufacturer's warranty offered in-home service will be eligible for in-home service under the terms of the Plan. If in-home service is not offered by the manufacturer in the area where the Plan owner resides when a defect occurs, the Plan owner will be responsible for bringing the covered product to a service centre identified by Comerco or obtain a full refund for the value of the Plan from the retailer. Service will be provided during normal business hours. If available and subject to the availability of the service centre, service will be provided, on request, during evenings or on weekends. In order to receive in-home service, the product requiring service must be easily accessible and be in a safe, non-threatening environment, as determined by the technician.
16. This Plan is valid for a product intended for domestic use only. In the case of a family home business, it is only valid for daycare and private nursing homes. Any other type of in-home business is considered commercial use and cannot benefit from this Plan. Any equipment rented and/or used for commercial purposes will render this Plan null and void. If no repairs have been made, the Plan holder may obtain a full refund from the retailer.
